**Buccaneer's Breastplate**

(armor)

This magical *breastplate* is made of shining amber metal and decorated with faint motifs of the waves and water. It allows the wearer to continually utilize the effects of the spell *water walk*. If a creature puts on the armor while underwater, the wearer is borne toward the surface at a rate of 60 feet per round.

**Enchanted Eelskin**

(armor)

This magical *slick leather armor* is made of shining, slippery eelskin that allows the wearer to move with deadly grace and sudden swiftness, especially underwater. When immersed in water, *enchanted eelskin* gains the *shadow* property and grants the wearer a swim speed of 30 feet and the ability to breathe water. In addition, during a surprise round the wearer can act as if she had a full round of actions, rather than a single standard action, as long as those actions do not require leaving the water. If she does leave the water, her surprise round turn immediately ends.

*Werecrocodile Lycanthropy*

**(ATL 9 OR 11 ONLY)**

The above named PC has been afflicted with lycanthropy from the Werecrocodile known as Yelloweye. The PC shows no symptoms (and does not gain any of the adjustments or abilities) until the night of the next full moon, when the PC involuntarily assumes animal form and forgets his or her own identity. The PC remains in animal form until the next dawn and remembers nothing about the entire episode (or subsequent episodes) unless he makes a DC 20 Will save, in which case he becomes aware of his condition.

Following the initial transformation, the PC will change every night of the full moon or whenever the PC is injured. Each time the PC is injured, he has a chance to resist the change by making a DC 15 Will save. Whenever the PC is forced to change form, the GM assumes control of the PC for the duration of the change.

The PC gains Wis +2 and Cha -2 in all forms. Also, the PC gains the following adjustments upon assuming animal or hybrid form: Str +2, Con +2, Natural Armor +6, DR 5/silver. He also gains the Shapechanger subtype as well.
