Rope of Climbing

A 60-foot-long *rope of climbing* is no thicker than a wand, but it is strong enough to support 3,000 pounds. Upon command, the rope snakes forward, upward, downward, or in any other direction at 10 feet per round, attaching itself securely wherever its owner desires. It can unfasten itself and return in the same manner.

A *rope of climbing* can be commanded to knot or unknot itself. This causes large knots to appear at 1-foot intervals along the rope. Knotting shortens the rope to a 50-foot length until the knots are untied, but lowers the DC of Climb checks while using it by 10. A creature must hold one end of the rope when its magic is invoked.

Pearl of Power

This seemingly normal pearl of average size and luster is a potent aid to all spellcasters who prepare spells. Once per day on command, a *pearl of power* enables the possessor to recall any one spell that she had prepared and then cast that day. The spell is then prepared again, just as if it had not been cast.

The spell must be of 1st level.
